

Release Site Application

Land owner: _____ Date of application: _____

Owner address: _____

City: _____ State: _____ Zip: _____

E-mail address: _____

Daytime phone: _____ Evening phone: _____

What is the primary use of your land?

What is the primary use of land adjacent to the proposed release site?

Is hunting or trapping allowed on your property or an adjacent property? Yes No
If yes, please describe:

Do you or your neighbors have outside dogs or cats? Yes No
If yes, please describe:

Site Information:

Is there a water source on, or near the property?

Yes No

If yes, is it available year round?

Yes No

Please describe the water source:

Total acreage of land: _____

Briefly describe the topography of your land along with percentage of each:

(For example, wooded – evergreen vs. deciduous, grasslands, natural prairie, farmed – crops, pasture, wetlands or bogs)

Species	Willing to release	Have seen on property
Squirrels (gray, red, flying)		
Eastern Cottontail Rabbits		
Chipmunks & ground squirrels		
Water birds (ducks, geese, gulls, herons)		
Game birds (pheasant, quail, etc.)		
Large carnivores (fox, badger, coyote)		
Small carnivores (mink, weasel)		
Woodchucks		
Opossum		
Moles, voles, mice		
Raccoons		
Snakes		
Turtles or amphibians		
Other		

Are there any species you do not want released on your property?

Would you be willing to allow temporary or permanent placement of nest boxes on your property?
(Squirrel require the use of a nest box at least a couple weeks post release)

Would you be willing to provide supplemental food for the released animal for a couple weeks after it has been released? Do you normally have any feeder out at your location, and if so, what kind?

Wildlife release times are coordinated based on many factors including the species most active time of day, weather forecast, availability of volunteers to transport the animal among others considerations. having the flexibility to release at a property with relatively short notice or without having to make contact with the landowner is a benefit to getting the animal out as soon as they are able.

I must be notified in advance of releases on my property. Yes No

Animals can be released on my property without my presence. Yes No

Would you be willing to sponsor an animal to help cover the costs of rehabilitation if released on your property? Yes No

Please read and sign below:

I, the undersigned, hereby agree to allow Chippewa Valley Wildlife Rehabilitation to relocate wildlife to the property listed above. I am the owner of the above property and/or have authority over its use. I agree to accept all animals indicated above as 'willing to release' unless otherwise noted in this application. I understand that this agreement does not promise that any animals will be relocated to my property. I give permission to CVWR and all of its employees, interns, wildlife rehabilitators and volunteers to access my property for the purpose of relocating wildlife on the listed property. Animals will continue to be relocated to the property unless I contact CVWR and cancel this agreement. Chippewa Valley Wildlife Rehabilitation employees, interns, wildlife rehabilitators or volunteers will not be held responsible for any wildlife problems that may occur on the property or any buildings located on or near the property. I grant permission to relocate without prior notice unless otherwise stated above. I agree to notify one year in advance should we plan to allow hunting on said property. We will exclusively contact CVWR if at any time the relocated or generated population of wildlife becomes a nuisance, hazard or otherwise discontending to the residents of the said property or neighboring properties. We give CVWR permission to film animal releases for use online to television as long as the owner's house, name, & address is not shown.

Land Owner's Signature: _____ Date: _____

For CVWR use only:

Site evaluation notes

Acceptable release site: Yes No

For which species (approved above by landowner):
